

Skilled Technician

Locations: Wayland – Dowagaic

The primary responsibilities of this candidate include independently diagnosing, servicing, repairing and maintaining customer and dealer-owned equipment.

Main Responsibilities

- Work on equipment and perform repairs promptly as assigned by the service manager
- Report to the service manager all other issues you find in the equipment, so the customer can be advised.
- Perform set-up and/or pre-delivery inspections on new and used equipment before customer delivery.
- Complete and submit work orders to the service manager daily to create billable hours.
- Keep your work area as clean as possible to prevent accidents from taking place.
- Communicate with the parts department on parts needed.
- Work with other coworkers to take on larger projects.
- Maintain a consistent work record and communicate promptly when you will be using PTO/sick time.
- Keep up to date on manufacturer-required training and certifications and continuously want to increase your technician knowledge.
- Other duties assigned by the service manager.

Physical Demands

- Work mainly in a shop or outdoor environment with medium-level physical movement, including climbing, crawling, reaching, sitting and crouching.

Benefits

- 401K
- Health, Dental, Vision Insurance
- Paid Time Off (PTO)
- Employee Discounts
- Work provided uniforms

Salary/rate

- Based on experience
